WP2 Prototype Development

Simon Krause
movisens GmbH

Steering Committee meeting Leuven, 18/11/22

This project has received funding from the European Union's Horizon 2020 research and innovation Programme under grant agreement 945263 (IMMERSE)

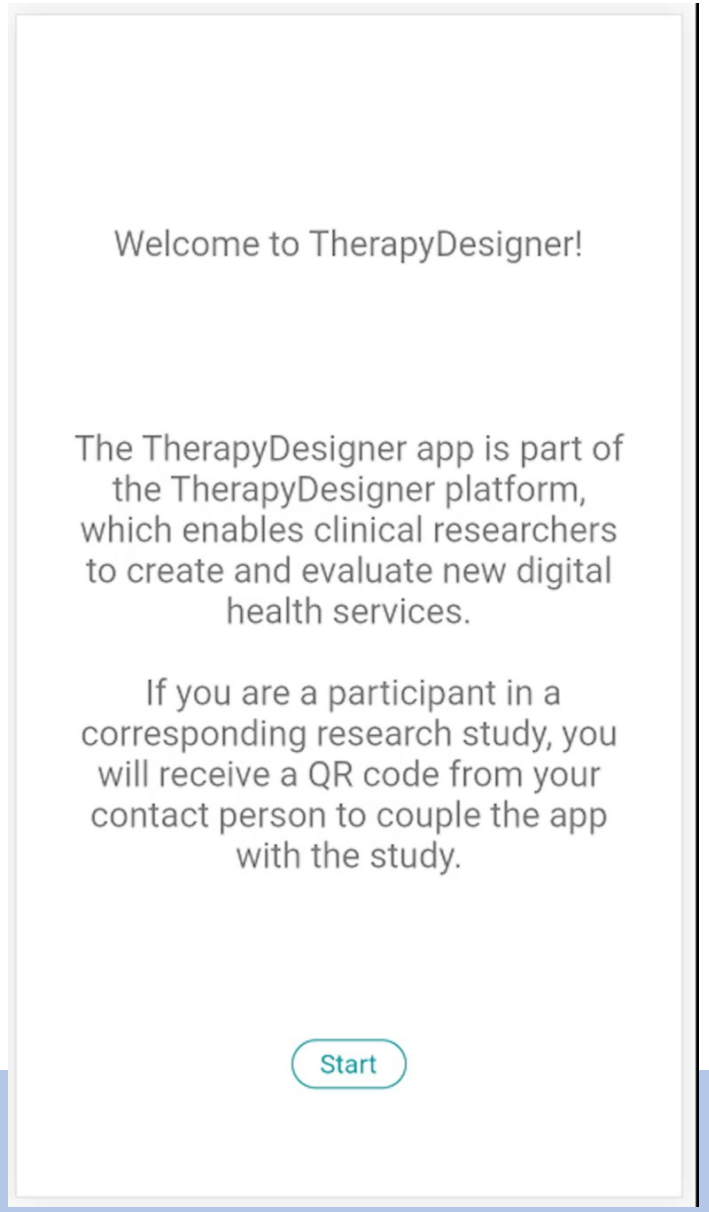
WP2

- Deliverable Report D2.1
- Development of DMMH prototype
  - MoMent App
  - MoMent Dashboard
- Testing (final Systemtest)

This project has received funding from the European Union's Horizon 2020 research and innovation Programme under grant agreement 945263 (IMMERSE)

WP2 – MoMent App

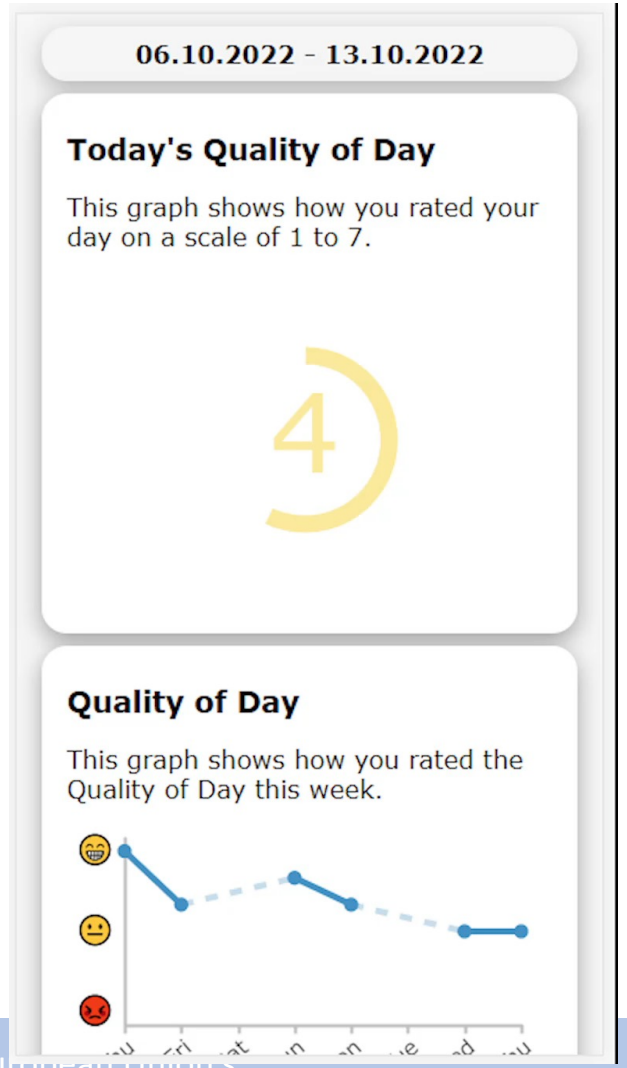
- PlayStore and AppleStore
  - Review Apple
- Bugfixes



This project has received funding from the European Union's Horizon 2020 research and innovation Programme under grant agreement 945263 (IMMERSE)

WP2 – MoMent App

Feedback Integration



This project has received funding from the European Union's Horizon 2020 research and innovation Programme under grant agreement 945263 (IMMERSE)

WP2 – MoMent App

Gamification

Juvenile

Tall with a flexible trunk
a smooth bark but
without fruits and flowers

5

This project has received funding from the European Union's Horizon 2020 research and innovation Programme under grant agreement 945263 (IMMERSE)

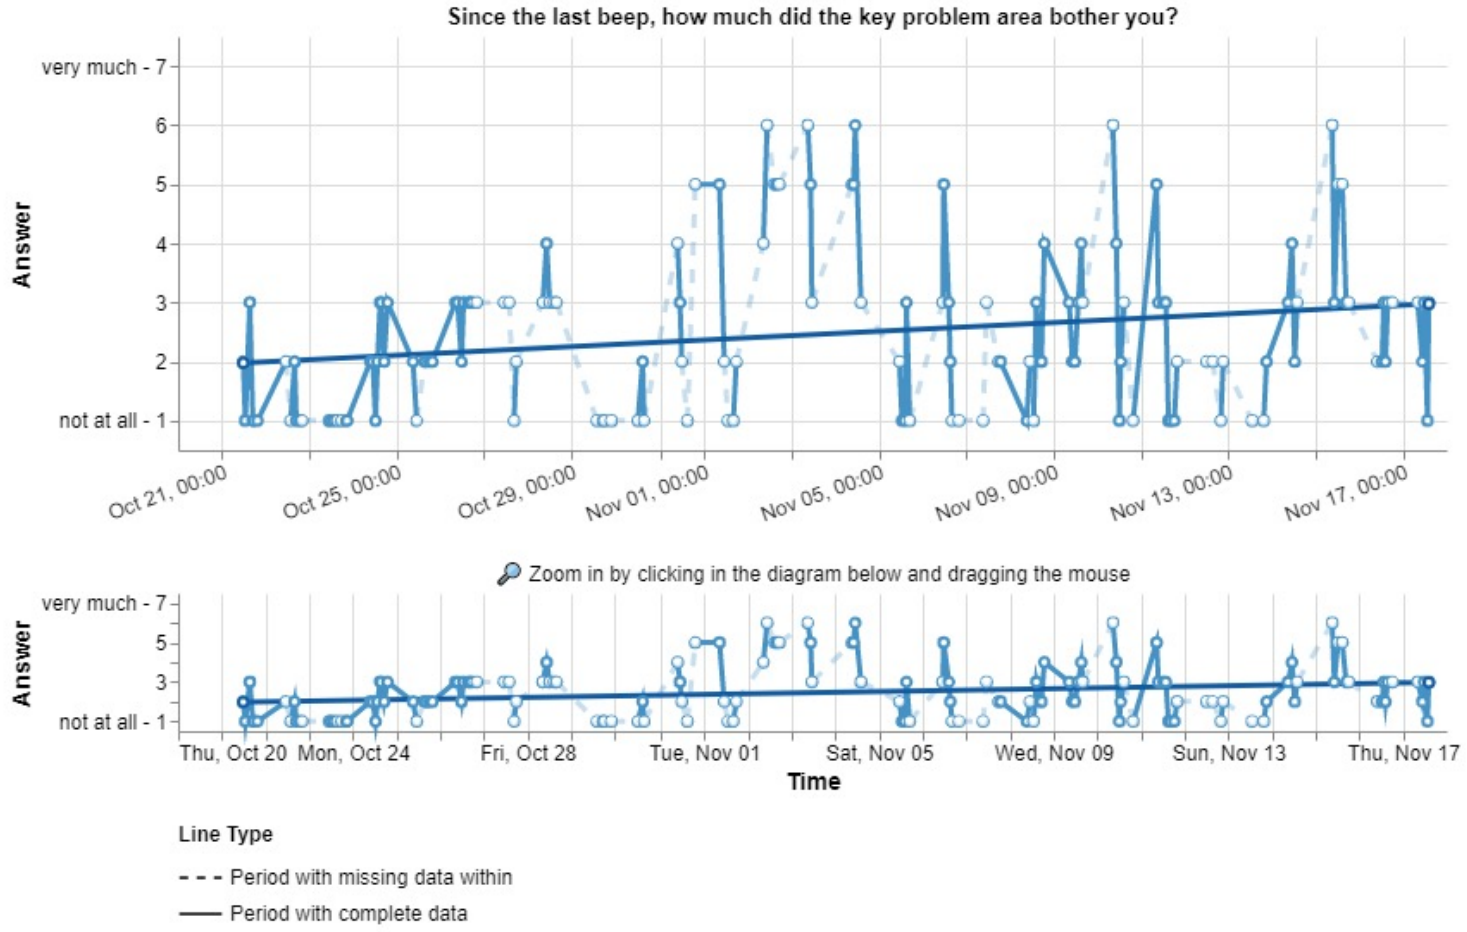
Activity

An overviev ent
reported ac

Zeitmanagement
Calculated trend - there is considerable evidence showing an **increase** over time (Mann-Kendall-Test p-Value=0.0016).



Horizon 2020 research and innovation Programme under grant agreement 945263 (IMMERSE)

WP2 – Start of Study

- Start on Monday if no substantial errors during system test
- Feedback process will be developed
- JCA missing → blocking

Bugs can occur in production system although we continiously test the system

This project has received funding from the European Union's Horizon 2020 research and innovation Programme under grant agreement 945263 (IMMERSE)

WP2 – PEN-Testing

- We currently obtain offers for conducting PEN-Testing
- We integrated security from the beginning of development using role based access control
- PEN-Testing: External security experts try to break the system
  - Different scopes possible

This project has received funding from the European Union's Horizon 2020 research and innovation Programme under grant agreement 945263 (IMMERSE)
