

IMMERSE agenda
13/06/24
Steering Committee meeting

1. General Management

- Evaluation
- Action points GA meeting
- [The Innovation Radar Questionnaire](#)

The Innovation Radar is an initiative to collect structured data about the innovation profile of EU funded projects and their outputs. The goal of this is to identify high-potential innovators and innovations; their specific 'go to market' needs; and, provide targeted recommendations. The aim is ultimately to encourage and support innovators in getting their innovations 'out of the lab' and into (or at least closer to) the market. You can find more information on this initiative in this [link](#). The Innovation Radar is a complementary tool to the [Horizon Results Platform](#).

2. WP updates

- WP7:
 - Decide on what parts of the database will be closed at what timepoints
 - Decide on procedure for closing data from MaganaMed
- WP8:
 - Two abstracts submitted to IMMERSE DROPS by Hoa

3. Papers

- Opinion piece

4. AOB
