

**IMMERSE agenda**  
**19/09/24**  
**Steering Committee meeting**

**1. General Management**

- Amendment: no cost extension
- Budget IMMERSE
- Agenda half day SC meeting: 17<sup>th</sup> October 2024
- The Innovation Radar recommendations:

*In order for the innovation to get close to the market, the project shall aim at advancing the product from TRL6 to TRL 8. In this respect, it is critical to get the CE mark, following the Medical Device Regulation (MDR). The certification process can be lengthy and costly, thus the consortium must seek for additional funding, specifically tailored to this kind of activities.*
